NEW KID IN TOWN

The Mask

"It "It was only a matter of time" was the first response from Tingira President Brad Murphy when he opened a recent surprise package from the Secretary and saw his first Tingira Covid-19 face mask.

Brad, a GP in Bundaberg, has worn a few masks in his day but nothing quite like this one.

"I feel like the new kid in town! After wearing the sky blue surgical medical issue for the past 12 months, it's a real breath of fresh air in comfort, style and identity," said Brad.

"Black, bold and beautiful with that standout Tingira logo, how good is this to wear with my new black suit? I will wear it proudly as required," said Brad.

Special thanks to Tingira member Rod Howard of Cairns, who organised the special production. This is a limited quantity run at the initial stage. \$20 each, only available via the Tingira website merchandise store. www.tingira.org.au
